

# Gulf Coast Writers Association

Gulf Coast Writers provide ideas, support, encouragement, resources and networking opportunities to fellow writers. Scores of members regularly publish their work. Others graduate to the ranks of published authors each year. Genres include fiction, nonfiction, play and screenwriting, poetry, commercial media and children's books. Members and guests glean fresh, valuable insight at each meeting. Guest speakers, workshop presenters and member panels share expertise on myriad topics. And we update each other on news, events, outlets and people of interest. Networking continues between meetings by phone, email, special events, critique groups, and the club's well-informed Website: [www.gulfwriters.org](http://www.gulfwriters.org)
