

## **Maritime Muse**

I want to dance like moonlight dances on the sea

With a perfect rhythm that rises organically.

I want to breathe as deep as a dolphin can dive

So that every last inch of me knows its alive.

Let me paint with the colors of all fish and seashells

And with the same determination with which a wave swells.

I want to know a loyalty as strong as the tide

And flow with fearless freedom, the wind as my guide.

For inspiration, look to whomever you choose.

Me? I want the ocean to be my muse.
