

Bayou Sunset

God's glorious show
 nightly
teeming with life in all its vibrancy
raucous pelicans
leaping mullets
descending pelicans
all actors in his Masterpiece
as I watched
 powerless
 to the miracle unfolding

Lonely barren stumps
 scattered as licorice sticks
 throughout the lush emerald flora

Lightening edged ripples
 undulating in the dark bayou waters
 mesmerizing me
 with its dreamy lullaby

Jagged palm fronds
 frolicking in the peach laden sunset
 their fans and feathers
 tinged with golden fire

A sensuous warm breeze
 caressed my awe stricken face
 as I relished in yet another
 Bayou Sunset
